

Please replace claims 80, 93-96 and 99-102 of the Examiner Amendment mailed on 02/25/2010 with the following claims:

80. (Cancelled).

93. (Currently Amended) The tangible computer-readable storage medium according to Claim 92-0, further comprising instructions for aggregating user ratings for information posts associated with one or more selected users to provide a user rating score.

94. (Currently Amended) The tangible computer-readable storage medium according to Claim 93-0, further comprising instructions for ranking the one or more selected users according to each user's respective user rating score.

95. (Currently Amended) The tangible computer-readable storage medium according to Claim 93-0, further comprising instructions for updating the user interface to include one or more of the user rating scores.

96. (Currently amended) The tangible computer-readable storage medium according to Claim 92-0, further comprising instructions for performing an action selected from adding a link to the plurality of links, and deleting a link from the plurality of links, according to the aggregated relevance ratings [[data]].

99. (Currently Amended) The tangible computer-readable storage medium according to Claim 92-0, further comprising instructions for ranking the plurality of links according to measurement of activity of respective ones of at least a portion of the plurality of links.

Art Unit: 2454

100. (Currently Amended) The tangible computer-readable storage medium according to Claim 99—0, wherein measurement of activity of respective ones of the plurality of links comprises measurement of at least one of a first number or requests received by the user interface for the respective remote information resources of the plurality of links and a second number of requests received for the user interface from the respective remote information resources of the plurality of links.

101. (Currently Amended) The tangible computer-readable storage medium according to Claim 92—0, wherein the ranking of respective ones of the information posts and the plurality of links are time dependent.

102. (Currently Amended) The tangible computer-readable storage medium according to Claim 101—0, wherein the ranking of respective ones of the information posts and the plurality of links decrease with time absent receipt of new user ratings.
